September 2023

Dear Parent/ Carer

It is great to see that some of you have already started to access Evidence for Learning this academic year. Many of you shared what you have been up to over the Summer Holidays which has been lovely to see; and has provided a great opportunity for your child's class team to talk about – and celebrate - activities and achievements linked to home with pupils when they are in class.

Evidence for Learning is a “window into school life” and enables you to see the fantastic work which your child has been doing in class and for you to see their progress over time towards their Individual Education Plan (IEP) targets. It also allows you the opportunity to upload videos (up to 30 seconds) and photographs (up to 3) to share what your child has been doing at home, and to comment on what the class team have shared.

If you are struggling to log in or have lost your log in details, please let the class team know in the home-school diary and we can send new access instructions to you.

If you would like any more information on Evidence for Learning, please feel free to contact me on [rjohnston@foxwoodschoo.org.uk](mailto:rjohnston@foxwoodschoo.org.uk) or through the school office on 01925 811534.

Kind regards,

*Rachael Johnston*
